

**Chapter 2**  
**INDIVIDUAL SEWAGE DISPOSAL SYSTEMS (ISDS)**

**SECTIONS:****8A-2-1: Procedure and Regulations for Installing ISDS****8A-2-2: Violations; Penalty****8A-2-1: Procedure and Regulations for Installing ISDS**

In order to protect the health and welfare of the residents and inhabitants of the Town of Westcliffe, Colorado, no person shall construct, install, modify, alter or repair any individual sewage disposal system for storage or disposal of wastewater within the Town of Westcliffe, Colorado, without first obtaining permission from the designated Custer County, Colorado, officials. (Ord. 4-1986, 8-5-1986)

Applicants for an ISDS permit must meet all of the requirements set out by the Custer County, Colorado, ISDS regulations with the following additional requirements. (Ord. 4-1986, 8-5-1986)

1) Any such ISDS must be designed by a Registered Professional Engineer.(Ord. 4-1986, 8-5-1986)

2) The said engineer shall inspect the construction and installation of the ISDS and affix his seal and signature to the design plans upon completion of the construction of the ISDS as assurance that the system was constructed and installed as designed by said Professional Engineer. (Ord. 4-1986, 8-5-1986)

In the event a property served by an ISDS is within 400 feet of an existing sewage collection line, then the owner of said property may be compelled to connect to the sewage collection system. (Ord. 4-1986, 8-5-1986)

**8A-2-2: Violation; Penalty**

Violation of this ordinance shall be a misdemeanor offense punishable upon conviction by imprisonment for 90 days, or a fine of up to \$300.00, or both. Each day a violation continues shall be a separate offense. (Ord. 4-1986, 8-5-1986)
